Request FOI0514011:

I am writing to ask for information under the Freedom of Information Act 2000. In order to assist you with this request, I am outlining my query as specifically as possible. Please provide the following information. I am happy to receive the information according to calendar year or financial year, i.e. however you record it. If the period I am asking for is too long, I am happy to receive the information for the last three years:

1. For the calendar year or financial year 2010-2011, 2011-2012, 2012-2013, 2013-2014 I'd like the number of children and young people referred to CAMHS:

From our preliminary assessment with regards questions 2-5, we estimate that compliance with your request would exceed the appropriate costs limit under section 12 of the Freedom of information Act 2000. This decision was made because we do not have the required information held electronically and to extract the information would take more than the prescribed hours from within the freedom of Information Act 2000.

We reached our decision by considering:

- Tracing the relevant manual records to a central location – If the patient is currently being seen by the Trust then we would not be able to retrieve this record until completion of the care so therefore this is unknown.
- Extract the relevant information from the patient records – If record is available it is estimated this would take 15 minutes per record.
- Transfer the information from the patient record and input the relevant information into a reportable format, excel spreadsheet.

We can also confirm that on experience rather than specific data received those under 11 years old would not have been prescribed any of the drugs as per questions 2-5 therefore our calculations are based on the 11-16 age range only.

Based on the above calculations it is anticipated the cost of replying to this request would be (8656 divided by 4 per hour x £25 (hourly rate)) = £54,100.

Rather than refusing at this stage, I would like to explore with you how the Trust may best assist you to request relevant information we hold but we feel in this case as the information held is in paper format the same result may occur.
If you are unhappy with the service you have received in relation to your Freedom of Information request and wish to make a request for a review of our decision you should write to:
