

IMPROVE THE PATIENT EXPERIENCE

PATIENT ADVICE AND LIAISON SERVICE (PALS) AND COMPLAINTS TEAM

WE LISTEN

WE RESPOND

WE IMPROVE

MAKING A
DIFFERENCE
FOR YOU,
WITH YOU

Your compliments make a real difference.

You can share positive feedback with us by speaking to any member of staff or to our Patient Advice and Liaison Service (PALS).

It is then shared with the relevant individuals or teams.

It really helps to let us know when we're doing things right.

Your feedback can be captured in a variety of ways, such as cards, letters and verbal. You can also feedback via:

- www.iwantgreatcare.org
- www.nhs.uk

Comment cards are available from all services.

Many of our services have electronic tablets to collect your comments.

We also have feedback stands in reception areas, to capture your comments and compliments.

We act on comments and concerns to improve services and ensure lessons are learnt.

“We're here

Please share your concerns so we can help resolve them.

If you would like to raise a concern you can do this using the PALS service.

PALS is a free and confidential service for patients, their carers and family members.

We provide on the spot advice and support.

Raising a concern can also be done directly with staff, who can support us to resolve your issue quickly.

We will communicate in a way that suits you and feedback to keep you informed.

e to listen”

Complaints will be dealt with in a timely manner and at a level agreed by the individual raising the issue.

Actions will be taken to improve services and ensure learning takes place. The information will be recorded centrally.

We will keep you updated in a way you choose and a timescale for your response will be agreed.

Once we've reached a conclusion, we will respond explaining the steps taken. Should our services need improvement, we will detail how we have learnt from your experience.

We will also ask for feedback on our complaints process to help us improve our service.
